

DYLAN WALSH

Dylan Walshe is an Irish musician from the southeastern coast of Dublin. He is known for his lyrical songwriting, robust guitar-playing and warm, unique vocal style.

Typically touring internationally as a solo acoustic performer, Dylan's music is steeped in the traditions of Folk, Irish/Celtic, Blues, Singer-songwriter, One-man band & Roots Music, but never bound by those traditions. Dylan has a recent history of pushing boundaries as a solo acoustic performer, appearing on bills & touring with a wide range of bands & genres, such as Punk, Hardcore Ska & even Heavy Metal.

Armed with his own soulful originals, Dylan also sings traditional songs of the working classes & reinterprets a wide spectrum of songs in his own inimitable style. After spending his 20s splitting his time between London & Ireland, Dylan now resides in Nashville, Tennessee.

Most recently, as well as headlining tours throughout much of Europe & the U.S., Dylan toured with Flogging Molly & The White Buffalo in 2017. In 2018, Dylan opened for Billy Bob Thornton & The Boxmasters on their Maine dates. Dylan also recorded with James Fearnley of The Pogues in 2018. In 2019, Dylan toured with the Swedish Heavy Metal band Avatar & the Canadian Celtic Punk band The Mahones.

"His voice is so strong and expressive, at once so holy and damned, it could shake heaven and hell simultaneously. This suggests the old soul of a true roots artist"
